RE: Amscot Branch Construction

To Whom It May Concern:

I am pleased to take this opportunity to write this letter of reference regarding the excellent services that have been provided by Suncon, Inc. during the course of construction for multiple Amscot Financial Branches throughout South Florida.

Suncon's professionalism and dedication to each project from start to finish has been of top quality. From preconstruction services such as coordinating with design professionals, budgeting, and permitting; thru constructing the product on time while overcoming various obstacles and providing intuitive solutions; to finishing each branch with an attention to detail and providing services after completion without hesitation are key elements that enable us to enjoy our relationship with them.

I would be happy to discuss with any prospective clients of Suncon, Inc. their capabilities, workmanship and overall integrity as a company. I also look forward to the successful completion of future branches with them.

Sincerely,

Joe Maynard
